FEBRUARY IS CHOLANGIOCARCINOMA AWARENESS MONTH

Salt Lake City, UT - February is cholangiocarcinoma awareness month, and The Cholangiocarcinoma Foundation will be leading numerous events in February to help raise awareness of this rare cancer. Events include fundraising for 2013 research grants, awareness drives on Facebook and Twitter, spotlight webinars on research efforts, and much more.

“February gives our community a dedicated month-long opportunity to focus their energy to educate the general public about cholangiocarcinoma (bile duct cancer) and the challenges associated with diagnosis, living with this cancer and finding a cure,” said foundation president, Stacie Lindsey. She added, “Similar to last year’s effort, we’ll be offering engaging and informative activities based on our mission of Collaboration, Understanding, Research and Education to assist with directing our efforts.” To participate or learn more visit the foundation’s web site at: www.cholangiocarcinoma.org.

The Cholangiocarcinoma Foundation is a 501(c) (3) non-profit organization. Its vision is to bring about a CURE for cholangiocarcinoma.
